Roadside America is a popular attraction that features a miniature slice of various aspects of the American landscape. The self-guided tour starts with glimpses of a suburban neighborhood complete with homes, cars, parks and their respective residents. Once you leave town you see farmsteads, animals, ponds, lakes and more. Your trip through the countryside continues with an extensive railroad system, and a nod to our history with a Native American village in the mountains. This exhibit features so many detailed models, it's easy to miss something if you rush through this self-guided tour. Many of the members and staff were not first-time visitors to the attraction, yet were still delighted by the display. Consider visiting Roadside America if you're looking for a unique experience that can be enjoyed by the entire family.

We also took a trip to the Liberty Bell Museum on Hamilton Blvd in Allentown. It is definitely worth the time to stop by, to listen and to learn about how Allentown was involved in protecting the Liberty Bell during the Revolutionary War, an important chapter in our nation's history.

## Horoscope: March 2018

**Scorpio:** There are quite a variety of suitors that come your way now, from the downright strange and unusual to the geeky computer nerd brainiac. Sudden attraction arises, but wanes just as quickly.

**Sagittarius:** You may find yourself shedding old ways for new, more appropriate ones that can help you in the future. A change of employers or a new position with your present one is indicated.

**Capricorn:** You seem to be haunted by an old goal that no longer exists or serves your purpose. Be very realistic if you're tempted to give it another try.

**Aquarius:** The transformation you are undergoing involves your goals and desires in life and this is a very large challenge to consider before you go all in. Your hard work, diligence and attention to detail can be attributed to Mars in Gemini.

**Pisces:** Listen to your thoughts and the information they provide you with, and you'll be ready when sudden changes take place.

**Aries:** Go after what you want, whether it be a raise or a relationship. People will seek you out for your services or your companionship.

**Taurus:** You find yourself using creative ideas you receive from dreams and your subconscious and directing them into manifestation.

**Gemini:** Control your temper and get motivated to complete projects and start new ones. Others can't refuse you now, so go at it with both barrels full and you'll come out a star.

**Cancer:** These are days that you're especially charming, and can touch the hearts of many with your eloquent writing and speaking abilities. You could also find yourself traveling more than usual now and visiting siblings or a friend.

**Leo:** All matters pertaining to how you receive cash are brought to your attention. You may be doing some analysis of your current resources with the precision of a razor.

**Virgo:** Be receptive to the unexpected and you may be in for a pleasant surprise as a whole new life unfolds around you. It's almost as if a rebirth has taken place.

**Libra:** Your attention to detail is important now, so don't let others try to persuade you to have more tests than are necessary or may be inconclusive. There are bound to be many new treatments for whatever ails you in the future.

#### **Redraw District Map, says State Supreme Court**

In a major victory for fair representation and voters' rights, the Pa. State Supreme Court has ruled that the state's congressional district map that was redrawn in 2011 amounts to an illegal gerrymander and "plainly and palpably violates" the state constitution. This means that the districts were illegally redrawn to artificially create majorities in most districts for the party in power at the time, in this case the Republicans, making it easier for members of that party to get elected and re-elected. The court ruled that the districts must be redrawn to better reflect cohesive geographical areas of local communities that can be effectively advocated for by elected representatives, without unfairly distorting the existing balance between Democrats and Republicans. The district map must be redrawn in time for the May 15 primary elections. Top Republican legislative leaders had appealed to the U.S. Supreme Court to halt the court order, but Justice Samuel Alito, who handles emergency appeals from Pennsylvania, rejected that request. Because the ruling by the state Supreme Court is based solely on the Pennsylvania Constitution, there is little grounds for further appeal.

# UNIT NEWS AND UPDATES

## BTU (Business Technology Unit):

BTU has been working hard on *Going Green* with the Newsletter and trying to update our records with your emails so we can cut back on that expense of printing and mailing them out. Don has moved on to another position and we are working together as a unit to keep things runny smoothly. We have shown our first pilot for CLC TV at the community meeting and everyone enjoyed it. We plan on having our CLC TV meetings every Monday at 1:30 to plan the segments for that week. We are open to ideas and strongly encourage all members to participate. Rob has stepped up to start our knitting club and we will be making scarves for the homeless or elderly. Come and join us on Wednesdays at 11:00! We have reached many of our members for photos and many already have their membership ID cards hanging from the CLC Lan-yards that you can purchase through the MSU. Come in and participate! —You're always welcome.

## 3H (Holistic, Health, Hospitality):

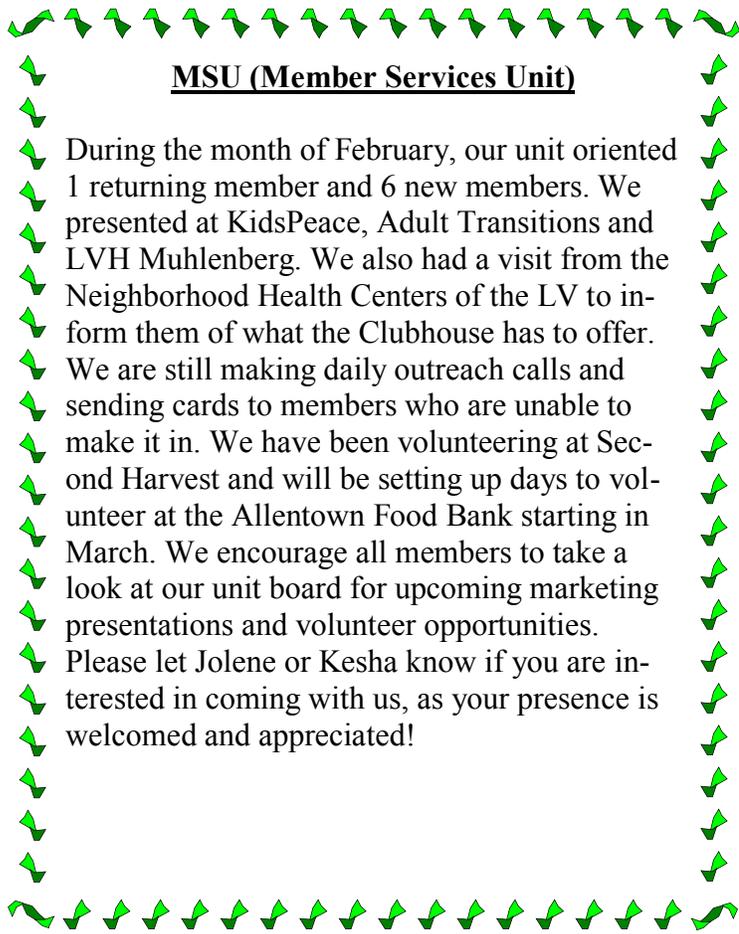

The 3H unit has been very busy in the New Year. Front desk representative training started on the 9th and to date we have 13 members who have been certified. The certificates will be mounted behind the front desk. Congratulations to all and a special congratulation to Sarah Boland who was certified as a Qualified Front Desk Trainer.

The other big news is that the 3H Unit is getting an exercise bicycle! There will be a sign-up sheet for members who wish to use the bike. Exercise is a great stress reducer and a way to burn calories and tone muscles, so everyone can benefit.

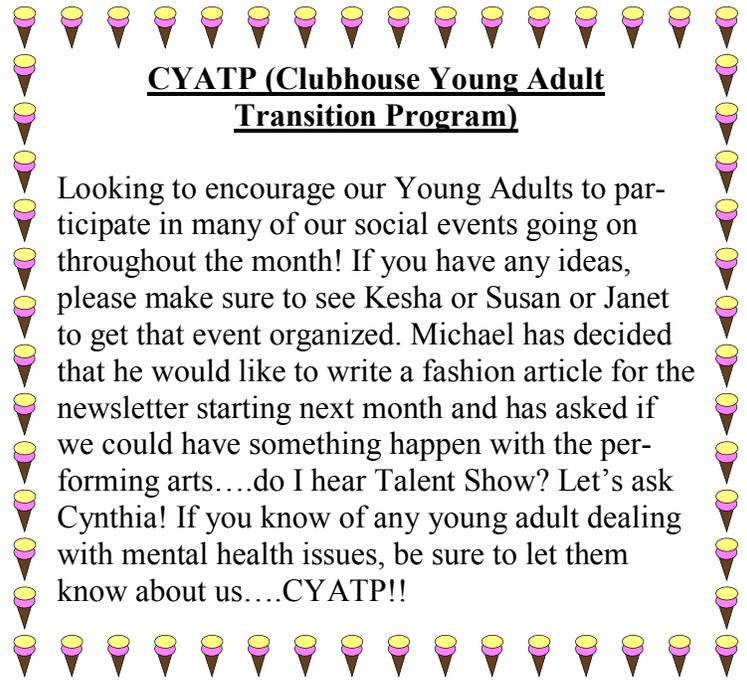

Lastly, 3H Unit is going to oversee a small garden plot at Johnston Community Garden in Bethlehem. Members will be able to plant fruits and vegetables and tend to the garden daily. The best part is that we can eat whatever we grow and have fresh, nutritious food for lunch!

## MSU (Member Services Unit)

During the month of February, our unit oriented 1 returning member and 6 new members. We presented at KidsPeace, Adult Transitions and LVH Muhlenberg. We also had a visit from the Neighborhood Health Centers of the LV to inform them of what the Clubhouse has to offer. We are still making daily outreach calls and sending cards to members who are unable to make it in. We have been volunteering at Second Harvest and will be setting up days to volunteer at the Allentown Food Bank starting in March. We encourage all members to take a look at our unit board for upcoming marketing presentations and volunteer opportunities. Please let Jolene or Kesha know if you are interested in coming with us, as your presence is welcomed and appreciated!

## CYATP (Clubhouse Young Adult Transition Program)

Looking to encourage our Young Adults to participate in many of our social events going on throughout the month! If you have any ideas, please make sure to see Kesha or Susan or Janet to get that event organized. Michael has decided that he would like to write a fashion article for the newsletter starting next month and has asked if we could have something happen with the performing arts....do I hear Talent Show? Let's ask Cynthia! If you know of any young adult dealing with mental health issues, be sure to let them know about us....CYATP!!

***Don't forget about the new Tutorial Thursdays in the Library!*** These are self-paced tutorials on the library computer on a variety of topics. See Susan for more information.

## This Week in History

By Ben K.

**March 1, 1961** – President John F. Kennedy established the Peace Corps, an organization sending young American volunteers to developing countries to assist with health care, education and other basic human needs.

**March 3, 1913** - A women's suffrage march in Washington D.C. was attacked by angry onlookers while police stood by. The march occurred the day before Woodrow Wilson's inauguration. Many of the 5,000 women participating were spat upon and struck in the face as a near riot ensued. Secretary of War Henry Stimson then ordered soldiers from Fort Myer to restore order.

**March 3, 1847** - Telephone inventor Alexander Graham Bell was born in Edinburgh, Scotland. Bell and his father were involved in teaching deaf persons to speak. Bell developed an interest in the vibrating membrane as a method of electrically transmitting sounds. His very first sentence spoken on the newly invented telephone on March 10, 1876 was to his assistant, "Mister Watson, come here, I want you."

**March 4, 1681** - King Charles II of England granted a huge tract of land in the New World to William Penn to settle an outstanding debt. The area later became Pennsylvania.

**March 4, 1933** - Newly elected President Franklin D. Roosevelt took office and delivered his first inaugural address attempting to restore public confidence during the Great Depression, stating, "Let me assert my firm belief that the only thing we have to fear is fear itself..." His cabinet appointments included the first woman to a Cabinet post, Secretary of Labor, Frances Perkins.

**March 5, 1946** - The "Iron Curtain" speech was delivered by Winston Churchill at Westminster College in Fulton, Missouri. Churchill used the term to describe the boundary in Europe between free countries of the West and nations of Eastern Europe under Soviet Russia's control.

**March 6, 1475** - Renaissance genius Michelangelo (1475-1564) was born in Caprese, Italy. He was a painter, sculptor, architect, poet and visionary best known for his fresco on the ceiling of the Sistine Chapel and his sculptures *David* and *The Pieta*.

## Sports Column for March 2018

By Martin Lynch

Finally, after over a half-century of frustration, the *Philadelphia Eagles won the Super Bowl!!!* Even though the “Comeback Kid” had two opportunities, the Eagles “D” stopped two Tom Brady attempts to secure the victory!

The Local Basketball High School league playoffs are in full swing. In the East Penn League, Bethlehem Catholic boys are the Favorite. In East Penn girls, Easton is the “Top Dog.”

The High School State Wrestling Tournament is completed: In 3A, Nazareth Blue Eagles, the defending state champs, were eliminated in the quarter finals. Bethlehem Catholic won the tournament in 2A, Colonial powerhouse Saucon Valley made it to the quarter finals.

Elon Musk’s SPAAAAAAACE car

Have you heard the news about a car flying through space? No, this isn’t the Jetsons. It’s even better, it’s real life. Elon Musk, of Tesla and Space-X fame, launched his prized Tesla roadster into orbit and beyond this month aboard Space-X’s incredibly powerful Falcon Heavy rocket. Its secondary booster is sending it to Mars and back. Those who remember the classic book *Hitchhiker’s Guide to the Galaxy* got an extra-special treat when looking at the car’s dashboard: the words “Don’t Panic” light up across the display. It is a great time for aeronautics and private industry, and we can hope that competition keeps companies (and countries) pushing forward into the final frontier. *Learn more at [spacex.com](http://spacex.com)*

## March CHEERS FOR PEERS

There is something special happening in March! How special, you ask? I am glad you asked! Our March Cheers for Peers will focus on *March Madness*. We will have hot dogs and burgers as we celebrate our favorite sport of college basketball. I sure hope that you all are able to come out Tuesday, March 27th, 2018 from 4pm-7pm.

## Restaurant Review: **Manhattan Deli and Grill**

By *Cynthia Phillips*

The restaurant review committee (Cynthia, Jolene, Susan, Sarah B., Chris W. and Bill M.) dined at Manhattan Deli & Grill and give it two very weak stars. The restaurant, located in the strip mall on Liberty Street, next to CVS and Maryanne's Donuts, was nearly empty during the lunch hour, though we did notice some delivery business.

After our meal, I could completely understand the limited business they do. Although they had three eggplant items on the menu, they were out of eggplant when I ordered my eggplant panini. The cheese hoagie I ordered instead had one skinny slice of cheese on it and was served with mayonnaise, which I had not requested. Sarah's deluxe cheeseburger was hardly deluxe. While everyone else was satisfied with their meals, nothing was very exciting or enticing.

The staff was pleasant and the restaurant was clean, but the committee does not recommend this restaurant to our members and will not be returning. The next restaurant review will be March 13th at 12pm. We will be going to Café Vida.

## **Harlem Globetrotters at PPL Center**

**By: Ken Haefner**

I went to see the Harlem Globetrotters at the PPL Center on February 3rd. They played their old rivals the Washington Generals. Their new lineup featured a female Globetrotter, and they have a mascot now, named "Globie." Unfortunately, they weren't quite as entertaining as in the old days, when the lineup featured Meadowlark Lemon and Curly Neal. I missed the trick shots and clowning around they used to do.

They did try to make it entertaining with things such as a T-shirt gun, and by getting kids from the audience involved with a free-throw contest: The winner got a free basketball. Things just weren't the same, though, for us old-time fans. At least they kept in some old staples, such as throwing a bucket of confetti into the audience. Another disappointment was that there were quite a few empty seats.

At usual, the Globetrotters beat the Generals, so their winning record is still intact!

## Staff Profile: Flor Lopez

By Mike Salerno

Flor was born in Humacao, Puerto Rico. She came to the United States when she was ten years old. Flor's mother lives with her in Allentown. Her father passed 11 years ago.

Flor's mother worked at a large pharmaceutical company in Puerto Rico. She retired five years ago and came to the United States with her family. Flor has two brothers. One is in Florida, and one lives in Quakertown, Pa. Flor is the youngest of the three siblings.

Flor finished fourth grade before coming to America, where she learned English as a second language for two years of study. She started working at the age of fourteen in Puerto Rico. She graduated high school there, and after high school Flor worked as a production worker at a large pharmaceutical company.

In 2006 Flor got married. She had her first child in 2007 and decided to come back to Allentown, PA. She had no family here in the United States. She started as a QC (Quality Control) worker at Lutron Electrics Company.

In 2012 she had her second child, and went to get her Associates Degree as a medical assistant at Lincoln Technical Institute.

She began working at Goodwill, Lehigh Street, performing production work, material handling, and mail room lead, as well as being a job coach. She was transferred to Clubhouse of Lehigh County in 2017 as Culinary Manager.

Flor loves her job, and it shows in her tasty and healthful concoctions at lunchtime, and in her warm and friendly interactions with members, staff and visitors. She is a terrific asset to our organization. We are so glad to have her on board.

Kudos to you, Flor!

## Money For School???

1. Fill out the FAFSA form.
2. Contact the institution's Financial Aid Office.
3. Search for free money using online Scholarship sites. Check out your churches, townships, unions to see if they offer scholarships.
4. Don't over-borrow. Your total student loan debt at graduation, including debt from previous loans, should be less than your annual starting salary.
5. Explore ways to educate yourself using open/free online courses
